PART V – FINANCIAL INFORMATION FOR STUDENTS, SPOUSES AND DEPENDENTS

The US Department of Homeland Security requires that you file a statement with the College showing adequate financial support for your education. You must submit the Confirmation of Financial Support form to the Campus Student Services or Chief Flight Instructor Office. This form must be signed by you and your sponsor (in most cases your sponsor is a parent or family member). The form must be countersigned and sealed by the sponsor’s bank OR you may submit additional bank documentation such as a copy of your sponsor’s current account balance statement issued by the bank or a letter signed by a bank official.

There is one exception to the use of the CFS form. If you are sponsored by a government, company, or agency, such sponsors must provide an official letter with an original signature indicating financial support for tuition costs and personal living expenses. This letter should be submitted in place of the CFS form. If sponsorship does not cover all costs, additional evidence of personal funding for remaining expenses is required as indicated above.

Documented evidence of financial support must bear a date not older than one year prior to the desired dates of attendance. Such documentation must be received before your final admission status is determined. After you are accepted, an I-20 will be issued by Spartan College so that you may apply for a study visa. Be certain to confirm the estimated program cost and expenses on the Spartan College website. These figures are subject to change.
