| Technology Management DE (Online Only) - Bachelor of Science ✂ | 31 | 2388 | 16 | 120 | \$442 | \$53,042 | \$0.00 | \$0.00 | \$0.00 | \$2,500 | \$0.00 | \$55,542 |
| Technology Management - Bachelor of Science ✂ | 31 | 2388 | 16 | 120 | \$442 | \$53,042 | \$0.00 | \$0.00 | \$0.00 | \$2,500 | \$0.00 | \$55,542 |

STRF is non-refundable. The remaining items are refundable with the following exceptions, opened/unwrapped, out of date, and damaged items.
Sales tax will be charged for all applicable Bookstore purchases.

† - Term equal 10 weeks except Flight. † Flight is 26-two week terms & 2-six week terms. ♦ - Credit Hour = Semester Credits * This is an estimate only ** If applicable DE – Distance Education
✂ Example: Remaining tuition cost with 30 transfer credits = \$39,782

| | |
|---|--|
| Aviation Flight 123 Cessna Drive R.L. Jones Airport Tulsa, OK 74132 | Tuition for Flight Program is based on the entire program length (excluding any overage hours taken to complete a lesson), the flight program includes the minimum number of flight hours and ground school classes required for each rating and certificate by The Federal Aviation Administration (FAA). If the required number of course flight training hours are reached during a term and a passing final grade has not been earned the student will be issued a failing grade. A student may request additional flight training hours during the sixty days following the original scheduled end of the term to complete course objectives and request a grade change. These additional hours are available at the student's expense based on hourly fees below, or the student may choose to receive the failing final grade and retake the term in full at full cost. Books and equipment are approximate, and tax is not included. The College reserves the right to adjust the hourly flight rates with a fuel surcharge should one become necessary. |
| Technology Main 8820 East Pine St Tulsa, OK 74115 | Tuition for technical programs is based on the entire program length. An academic year is 30 weeks of instruction. |
| BS/AAS Program | A \$150.00 technology fee is required for each course taken via the Learning Management System plus a \$50 lab fee for the online science course. This fee does not apply to the AMT (diploma) Hybrid Program core courses. The technology fee is already included in the tuition for the fully online version of the BS program, which is the BS-DE program. |

Schedules are reserved on a first-come, first-served basis and class schedules vary for each class start date. A waiting list may exist for some class starting dates. In the event Student has completed all requirements to reserve a class schedule and is on a waiting list, Student will be placed on the next available starting date scheduled. Schedules are by request only. The College reserves the right to change schedules and move students.

For all programs, all tuition and program lengths are based on a student attending the full program for which he or she is enrolled. Should a student bypass any portion of that program by the methods described in the General Catalog, that student's tuition and program length will be reduced accordingly. Tuition Reductions, including but not limited to, Active Duty (contracted D.O.D.) reductions per credit hour, will be documented on the enrollment agreement.

Transfer of credits, students will receive a credit to their book/course fee of \$75.00 for each course transferred in for the online Gen Eds and Technology Management DE (online only)– Bachelors of Science program.

For all Aviation Maintenance Technology programs, the cost of books and tools is estimated, with the exception of the project workbooks which total \$250 of the approximated Books & Tools cost. Students are only charged for books and tools actually purchased at Spartan.

For all programs except Technology Management and Aviation Flight programs, the cost of books and tools are estimated. Students are only charged for books and tools purchased at Spartan.

For all technical programs, an academic year is defined as completion of 24 semester credit hours in 30 weeks of attendance or 900 clock hours. The satisfactory completion of the credit hours or clock hours in the academic year is necessary before a student may progress to the next level of academic standing.

For the Aviation Maintenance Technology – Hybrid (partial distance education) **Program**, the distance education portion of the program consists of seven 8-week terms (3 concurrent courses) followed by five 6-week terms (4 concurrent courses) accomplished on ground for the Diploma Program and an additional two 6-week terms (3 concurrent courses) of General Education that can be taught either on ground or online for the Associate Degree Program.

For the Bachelor’s Degree Program, an academic year is defined as completion of 24 semester credit hours in 30 weeks. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standard. To be a full-time student in the Bachelor of Science program a student must attempt a minimum of 8 semester credit hours per ten-week term. A student attempting 6 or 7 semester credit hours will be considered a three quarter-time student and a student attempting either 4 or 5 semester credit hours will be considered a half-time student. A student that does not maintain full-time status may have his/her Financial Aid disbursements adjusted accordingly. Bachelor’s classes are generally scheduled Monday through Thursday. Spartan College reserves the right to change or cancel classes due reasons such as to low enrollment.

For the Aviation Flight Program, the cost of books and tools is estimated, except for the iPads which total \$1700 of the approximated Books & Tools cost. Students are only charged for books and tools actually purchased at Spartan. An academic year is defined as completion of 24 credits in 30 weeks of attendance. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standing.

Due to the nature of a flight training program, there may be times the College must limit the number of students who can start their program on a given start date. When that happens, the college will prioritize seats for those enrolled students that have demonstrated they meet all the admissions criteria and have completed all the necessary steps to start school including receiving medical clearance. If there are more students ready to start school beyond the number of seats available, Spartan will prioritize candidates based on their enrollment date.

Miscellaneous Fees

| Possible Misc. Fees All Programs | | Flight Training Hourly Rates | |
|---|--------------|---|-----------------|
| Advanced Standing Examination Fee (Per Credit Hour) | \$25.00 | Cessna 152 | \$210.00 |
| Change of Program Fee | \$10.00 | Cessna 172 & Piper Archer | \$210.00 |
| Diploma Covers | \$10.00 | Piper Seminole PA 44 (Multi-engine) | \$328.00 |
| Online Lab Fee | \$50.00 | Aviation Training Devices (ATD) | \$137.00 |
| Online Courses – Technology Fee* | \$150.00 | Stage Checks | \$75.00 |
| Replacement Certificate (AMT / NDT) | \$10.00 | TCO Ground Lesson (Per Hour) | \$75.00 |
| Replacement Identification Card | \$5.00 | Module Classroom Instruction (Per module) | \$525.00 |
| Replacement of Diploma | \$25.00 | Knowledge Test | \$165.00 |
| Return Check Fee | \$30.00 | Flight Test – Private, Instrument, Comm., MEL and SEL, CFII | \$550.00 ea (*) |
| Transcripts | \$5.00 | Flight Test – CFI | \$900.00 (*) |
| Course repeat charges | Tuition Rate | Frasca Level 5 FTD | \$165.00 |

An international fee of \$2,000, will be charged to students requiring an F-1 or M-1 visa.

(*) Estimate

A \$150.00 technology fee is required for each course taken via the Learning Management System plus a \$50 lab fee for the online science course.

*Online Courses: This fee does not apply to the AMT (diploma) Hybrid Program core courses, ESL Course, or Private Pilot (FAA Part 61) – Flying.

The technology fee is already included in the tuition for the fully online version of the BS program, which is the Technology Management DE (Online Only) - Bachelor of Science.

Avocational Private Pilot (FAA Part 61) - Flying

Tuition and Fees:

| Course Title | Clock Hrs. | Per Hour Flight Fees | Per Hour Ground Lesson | Ground Course Theory-Based Online Fees | Insurance | *Estimated Course Cost Based on Minimum Hours |
|--------------------------------------|------------|----------------------|------------------------|--|-----------|---|
| Private Pilot (FAA Part 61) - Flying | 65 minimum | \$205 | \$75 | \$426 (389+Tax) | \$150 | \$10,651 |

Please refer to this Catalog Supplement for other fees such as those assessed for Federal Aviation Administration Testing.

*Minimums include 25 Hours of Online Ground Instruction, 30 Hours of Dual Flight Instruction, and 10 Hours of Solo Flight Training (40 Hours of Total Minimum Flight).

ESL Course Information

Tuition and Fees:

| COURSE TITLE | Clock Hrs. | Tuition | Software Subscription | IT Equipment Fee | Total Course Cost |
|--------------|------------|----------|-----------------------|------------------|-------------------|
| ESL Course | 600 | \$16,695 | \$525 | \$875 | \$18,095 |

Fees are based on the required six hundred (600) clock hours.

Successful completion of the program results in a certificate of completion.

The course can be repeated if the student does not successfully complete in 600 clock hours. In that event, a new Enrollment Agreement and course fees will be assessed.

CLASS SCHEDULES

| Program / Shift | Begin | End |
|--|---------|----------|
| Day Shift (Monday through Friday) | | |
| Aviation Maintenance Technology (AMT) | 7:30 am | 2:50 pm |
| Aviation Electronics Technology (AET) | 7:30 am | 2:30 pm |
| Nondestructive Testing Technology (NDT) | 7:30 am | 2:30 pm |
| Quality Control Management (QCM) | 7:30 am | 2:30 pm |
| Aviation Maintenance Technology (AMT) - Hybrid Ground Classes | 7:30 am | 2:50 pm |
| Night Shift (Monday through Thursday) | | |
| Bachelor of Science Technology Management | 6:00 pm | 10:48 pm |
| Aviation Flight | | |
| Ground classes are scheduled anytime between 8:00am through 6:00pm, Monday through Friday. Nights and weekends may be required to meet Flight lesson requirements. | | |

Students are expected to complete their final term by the Graduation Date corresponding to the Start Date listed on their Enrollment Agreement. Graduation dates may change in the event of weather related school closings, punitive grades issues, or if a student is granted a Leave of Absence (LOA).

General Education and Technical; Classes are scheduled Monday through Friday, Day & Night courses follow the same curricula and policies, both use the same equipment and facilities. Appropriate meal periods (50 minutes) and hourly breaks (10 minutes).
