*Bottom 10th is used as a proxy and example only for possible entry-level wages/starting salaries.

Median is provided to allow for a range from entry to median, but generally requires experience and time on the job. Definition of median wage: An occupational median wage estimate is the boundary between the highest paid 50 percent and the lowest paid 50 percent of workers in that occupation. Half of the workers in a given occupation earn more than the median wage, and half the workers earn less than the median wage.

**Currently, Certified Flight Instructors working for Spartan in Tulsa, OK start @ approx. \$19 per hour. Once graduates earn 1,250 flight hours, they can apply for positions such as with regional airlines. Additional training and certification not offered at Spartan are also required (ATP). 53-2011 Airline Pilots, Copilots, and Flight Engineers. National: <https://www.bls.gov/oes/2017/may/oes532011.htm>

Updated 12.28.2021 - BLS last updated May 2020 and verified 12.28.2021.

National BLS data is provided as examples only. Statistics may vary by region. Spartan cannot and does not guarantee job placement or salaries.
