STRF is non-refundable. The remaining items are refundable with the following exceptions, opened/unwrapped, out of date, and damaged items. Sales tax will be charged for all applicable Bookstore purchases.

■ Term equals 5 weeks for Aviation Maintenance Technology/Aviation Electronics Technology and 10 weeks for Technology Management- Bachelor of Science. † Flight is 26-two week terms & 2-six week terms.

* Credit Hour = Semester Credits **This is an estimate only and includes computer or iPad (excluding Bachelor's) DE – Distance Education

***CA Residents only. ‡ 12 months online then 9 months on ground in Tulsa, OK (core program courses)

✂ Total program 120 credits: cost for 90 credits reflects required 30 technical elective credits (see catalog for Entrance Requirements)

Aviation Flight 123 Cessna Drive R.L. Jones Airport Tulsa, OK 74132	Tuition for Flight Program is based on the entire program length (excluding any overage hours taken to complete a lesson), the flight program includes the minimum number of flight hours and ground school classes approved for each rating and certificate by the Federal Aviation Administration (FAA). Should a student require additional hours (over-flying) to complete course objectives, these flight hours are available at the student's expense over and above the program cost listed above and are based on hourly fees listed in the Flight Training/Testing Additional Fees chart on page two or in the Catalog Supplement. These fees are subject to change and the most current pricing is available in the most recent catalog supplement. Students may also choose to receive a failing final grade and retake the term in full at full cost. Books and equipment are approximate, and tax is not included. The College reserves the right to adjust fees such as, but not limited to, hourly flight fees for flight hours over and above those included in the program cost above.
Technology Main 8820 East Pine St Tulsa, OK 74115	Tuition for technical programs is based on the entire program length. An academic year is 30 weeks of instruction.

Schedules are reserved on a first-come, first-served basis and class schedules vary for each class start date. A waiting list may exist for some class starting dates. In the event Student has completed all requirements to reserve a class schedule and is on a waiting list, Student will be placed on the next available starting date scheduled. Schedules are by request only. The College reserves the right to change schedules and move students.

For all programs, all tuition and program lengths are based on a student attending the full program for which he or she is enrolled. Should a student bypass any portion of that program by the methods described in the College Catalog, that student's balance owed and program length will be reduced accordingly. Reductions will be documented on the transcript and or ledger card.

Transfer of credits, students will receive a prorated credit to their book fee for each course transferred in for the online Gen Eds and Technology Management DE (online only)– Bachelor of Science program.

For all Aviation Maintenance Technology programs, the cost of books and tools is estimated. Students are only charged for books and tools actually purchased at the College.

For all programs except Technology Management and Aviation Flight programs, the cost of books and tools are estimated. Students are only charged for books and tools purchased at the College.

For all technical programs, an academic year is defined as completion of 24 semester credit hours in 30 weeks of attendance or 900 clock hours. The satisfactory completion of the credit hours or clock hours in the academic year is necessary before a student may progress to the next level of academic standing.

For the Aviation Maintenance Technology – Hybrid (partial distance education) Program, the distance education portion of the program consists of four 15-week terms (5 concurrent courses) followed by six 5-week terms (4 concurrent courses) accomplished on ground for the Diploma Program and an additional three 5-week terms (3 concurrent courses) of General Education that can be taught either on ground or online for the Associate Degree Program.

For the Bachelor’s Degree Program, an academic year is defined as completion of 24 semester credit hours in 30 weeks. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standard. To be a full-time student in the Bachelor of Science program a student must attempt a minimum of 8 semester credit hours per ten-week term. A student attempting 6 or 7 semester credit hours will be considered a three quarter-time student and a student attempting either 4 or 5 semester credit hours will be considered a half-time student. A student that does not maintain full-time status may have his/her Financial Aid disbursements adjusted accordingly. Bachelor’s classes are generally scheduled Monday through Thursday. Spartan College of Aeronautics and Technology reserves the right to change or cancel classes due reasons such as to low enrollment.

For the Aviation Flight Program, the cost of books and tools is estimated, except for the iPads which total \$1700 of the approximated Books & Tools cost. Students are only charged for books and tools actually purchased at the College. An academic year is defined as completion of 24 credits in 30 weeks of attendance. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standing.

Due to the nature of a flight training program, there may be times the College must limit the number of students who can start their program on a given start date. When that happens, the college will prioritize seats for those enrolled students that have demonstrated they meet all the admissions criteria and have completed all the necessary steps to start school including receiving medical clearance. If there are more students ready to start school beyond the number of seats available, the College will prioritize candidates based on their enrollment date.

California Residents Only - Student Tuition Recovery Fund (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

STRF calculation equals (\$0.00) per (\$1000) total institutional costs.

Miscellaneous Fees

Possible Misc. Fees All Programs		Flight Training/Testing	
Bypass Examination Fee (Per Credit Hour)	\$25.00	Cessna 172 & Piper Archer	\$250.00
Change of Program Fee	\$10.00	Piper Seminole PA 44 (Multi-engine)	\$379.00
Diploma Covers	\$10.00	Aviation Training Devices (ATD)	\$145.00
Replacement Certificate (AMT / NDT)	\$10.00	Stage Checks	\$75.00
Replacement Identification Card	\$5.00	TCO Ground Lesson (Per Hour)	\$75.00
Replacement of Diploma	\$25.00	Module Classroom Instruction (Per module)	\$525.00
Return Check Fee	\$30.00	Knowledge Test	\$165.00
Transcripts	\$15.00	Flight Test – Private, Instrument, CSEL, CMEL, CFI, and CFII*	\$700.00 - \$1200.00 ea
Course repeat charges	Tuition Rate	Discovery Flight	\$199.00
		Frasca Level 5 FTD	\$165.00
		Flight No Show Fee**	Flight Rate

An international fee of \$2,000, will be charged to students requiring an F-1 or M-1 visa.

***Flight Test:**

Each flight test is an additional charge not included in the program cost listed on the previous page. The test fees are estimated, subject to change, and are due from the student at the time of the test, payable to the examiner (third party). Every test attempt is assessed the required fees.

****Flight No Show Fee:**

Each flight lesson is a scheduled appointment and has the same priority as a flight ground course or General Education class. It is a joint commitment between the flight instructor and student. Failure to attend a flight lesson without notification the day prior will result in a “no-show” for that flight lesson. Successful completion of the program depends on maintaining a consistent flight schedule. A minimum of 18 flight hours per month or 4 activities a week is the College’s guideline for flight proficiency maintenance and must be maintained even when enrolled in Flight ground courses or General Education courses.

Avocational Private Pilot (FAA Part 61) - Flying

Tuition and Fees:

Course Title	Clock Hrs.	Per Hour Flight Fees	Per Hour Ground Lesson	Ground Course Theory-Based Online Fees	Insurance	*Estimated Course Cost Based on Minimum Hours
Private Pilot (FAA Part 61) - Flying	65 minimum	\$250	\$75	\$426 (389+Tax)	\$150	\$12,451

Please refer to this Catalog Supplement for other fees such as those assessed for Federal Aviation Administration Testing.

*Minimums include 25 Hours of Online Ground Instruction, 30 Hours of Dual Flight Instruction, and 10 Hours of Solo Flight Training (40 Hours of Total Minimum Flight).

CLASS SCHEDULES

Program / Shift	Begin	End
Day Shift (Monday through Thursday)*		
Aviation Maintenance Technology (AMT)	7:30 am	2:30 pm
Aviation Electronics Technology (AET)	7:30 am	2:30 pm
Aviation Maintenance Technology (AMT) - Hybrid Ground Classes	7:30 am	4:00 pm
Bachelor of Science Technology Management		
BSTM on-ground classes can be scheduled M-F 11:00am – 11:00pm but typically are scheduled M-TH 6:00pm – 10:48pm		
Aviation Flight		
Ground classes are scheduled anytime between 8:00am through 8:00pm, Monday through Friday. Nights, weekends, and holidays may be required to meet Flight lesson requirements.		

**Make-up day: If a scheduled class day falls on an observed holiday or is cancelled due to unforeseen circumstances such as weather, the class will be made-up on either the Friday of that same week or the Thursday in week five. For holidays, students will be informed of the scheduled make-up date in the course syllabi. Unforeseen cancelled class make-up dates will be communicated to students as events occur.*

Students are expected to complete their final term by the Graduation Date corresponding to the Start Date listed on their Enrollment Agreement. Graduation dates may change in the event of weather-related school closings, punitive grades issues, or if a student is granted a Leave of Absence (LOA).

General Education and Technical: *Classes are scheduled Monday through Friday, Day & Night courses follow the same curricula and policies, both use the same equipment and facilities. Appropriate meal periods (30 minutes) and hourly breaks (10 minutes).*

ACADEMIC BREAK CALENDAR

2025 AMT/AET/Hybrid Ground	
New Year's Break	January 1 – 5, 2025
MLK Holiday	January 20, 2025
Memorial Day Holiday	May 26, 2025
Independence Day Holiday	July 4, 2025
Labor Day Holiday	September 1, 2025
Thanksgiving Break	November 27-28, 2025
Winter Break	December 19-31, 2025

2025 Bachelors Program	
New Year's Break	January 1-5, 2025
Memorial Day Holiday	May 26, 2025
Independence Day Holiday	July 4, 2025
Labor Day Holiday	September 1, 2025
Thanksgiving Break	November 24-28, 2025
Winter Break	December 24-31, 2025

2025 Aviation Flight- Flying Courses	
New Year's Day	January 1, 2025
Thanksgiving Day	November 27, 2025
Winter Day	December 25, 2025

2025 Aviation Flight- Ground Courses	
New Year's Break	January 1-5, 2025
Memorial Day	May 26, 2025
Labor Day	September 1, 2025
Thanksgiving Break	November 27-28, 2025
Winter Break	December 24-31, 2025
